

# Adams County CJCC Stakeholder Survey

1.

Dear Committee Members,

At the September CJCC meeting, CJCC staff was given the direction to assist CJCC members identify one or two important individual process level projects in which to apply a scaled back version of the framework of EBDM project management.

The first step in this process is to solicit priority areas and project ideas from CJCC members. In the following survey we will solicit opinions on drivers of crime, greatest justice system needs, areas of collaboration and specific needs in the following areas:

- 1: Prevention and Education
- 2: Enforcement
- 3: Courts, Prosecution and Public Defense
- 4: Probation and Community Corrections (Community Supervision Agencies)
- 5: Adult and Juvenile Detention
- 6: Treatment and Offender Intervention
- 7: Crime Victim Services and Witness Protection

This survey is an effort to obtain a broad spectrum of input from CJCC committee members. The results will assist in developing focus areas for advancing evidence based practices. Your participation is very important and much appreciated.

To ensure anonymity, I have reached out to the National Association of Justice Assistance (NCJA) and requested that they administer the survey on my behalf. I will not know or have access to your individual responses—if you wish to share them with me or other members, that certainly is permissible, but I will let you each make that decision.

If you are having technical difficulties with the survey, feel free to contact David Marimon, Senior Policy Analyst, NCJA, at 202-448-1718 or at [dmarimon@ncja.org](mailto:dmarimon@ncja.org).

Please respond to this survey by Friday, September 26th, 2014.

## 13. Upcoming Issues

The next three questions have been included to get your perspective on the following:

**\*23. How important do you feel it is to have the Juvenile Detention Center within Adams County?**

- Very Important
- Someone Important
- No Opinion
- Unimportant
- Very Unimportant

**\*24. How likely would you be to support the expansion or diversification of Community Corrections offerings within the 17th District of Colorado?**

**(Note: Currently Adams County has the capacity for 409 residential beds. While there are no residential treatment interventions targeted for those with mental illness, substance abuse, or dual diagnoses; there are outpatient offerings in these areas. That said, evidence suggests that population specific residential offerings can help to lower recidivism and address underlying criminogenic needs.)**
