Appendix 1: Logic Model Development Template

Inputs/Resources	Activities	Outputs	Short-Term Outcomes	Impacts	Contextual Conditions
Existing resources (both financial and human), policies, practices, facilities, and capabilities	*Specific strategies to be implemented*	*Immediate results that occur as activities and strategies are implemented*	*Indicators, or benchmarks, that demonstrate changes are occurring as a result of the activities*	*Anticipated long-term harm reduction results*	*External factors that can facilitate or hinder the ability to implement the activity or achieve the intended outcomes and impacts*
